

ANNEX A: REQUEST FOR EXTENSION OF CONCRETE ADAPTATION PROJECT/PROGRAMME

Request for extension of project/Programme completion date

Implementing Entity Name: NATIONAL ENVIRONMENT MANAGEMENT AUTHORITY			
AF Project/Programme ID:NIE022			
Project/Programme Title: THE INTEGRATED PROGRAMME TO BUILD RESILIENCE TO CLIMATE CHANGE AND ADAPTIVE CAPACITY TO VULNERABLE COMMUNITIES IN KENYA			
Country: KENYA			
Project/Programme Approval (date)	November 2014		
Expected Project/programme Completion (date)	December 2021	Proposed Revised Completion (date):	September 2022

Reasons/justifications for the extension of project/Programme completion:

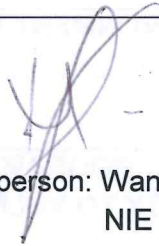

The reason for the requested extension is as follows;

1. For the past one and a half years COVID-19 was declared a national disaster in Kenya and the programme implementation was affected by the stipulated lockdown requirements. The policy measures and behavioral protocols, geared towards limiting the spread of this disease, included mandatory leave and/ or working from home for State and Public Officers and a daily curfew in effect in the territory of the Republic of Kenya. Inter county travel was also restricted in selected counties in Kenya.
2. These policy measures significantly impacted on effective implementation of programme activities, in some cases necessitated halting the programme implementation in our usual programme operations areas.
3. This has resulted in unprecedented delays of the programme, and it is for this reason that that we seek for a no cost extension.
4. With great strides achieved on COVID management in the country, including relaxation of some of the policy measures, we are confident that with this No Cost extension, NEMA will successfully deliver the programme.

Implementing Entity certification

This request has been prepared in accordance with Adaptation Fund policies and procedures, has been agreed by participating executing entities.
