Justification for Proposed Stand-alone Financing ⁽⁵⁾:			

¹ The term “project implementation services” refers to MDB support throughout project life cycle.
² A separate template needs to be presented for each project and program preparation grant request listed in the Investment Plan
³ Including the preparation grant request
⁴ If the final MDB cost estimate exceeds the relevant benchmark, it needs to be supported by (i) a breakdown of costs of inputs required (staff/consultant time, travel, number of missions, etc.) and (ii) by an explanation of the particular aspects of project design and implementation that drive MDB costs to exceed the benchmark (Item 9 in template).
⁵ The justification should include an explanation of (i) why no linkages to ongoing or planned MDB financing have been possible or pursued, and (ii) the expected effectiveness of the proposed stand-alone SCF project in addressing the objectives and

priorities of the country investment plan/strategy; and a confirmation that the proposed project forms part of the MDB's agreed country assistance strategy.
